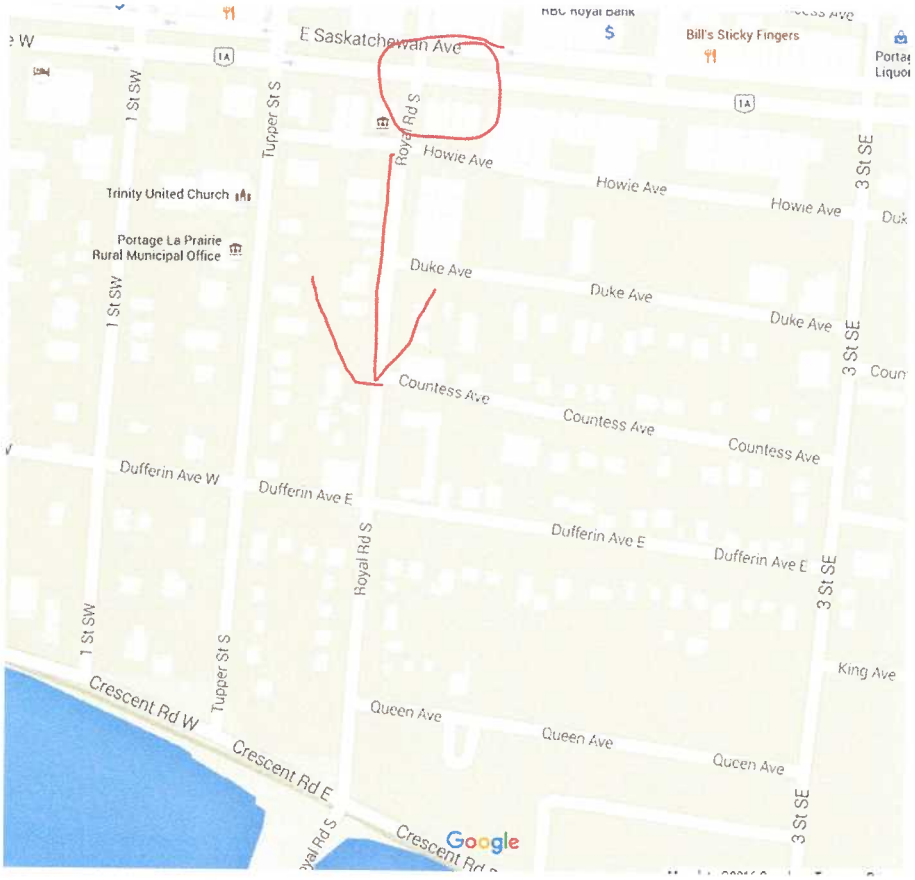
Jordan Sharples

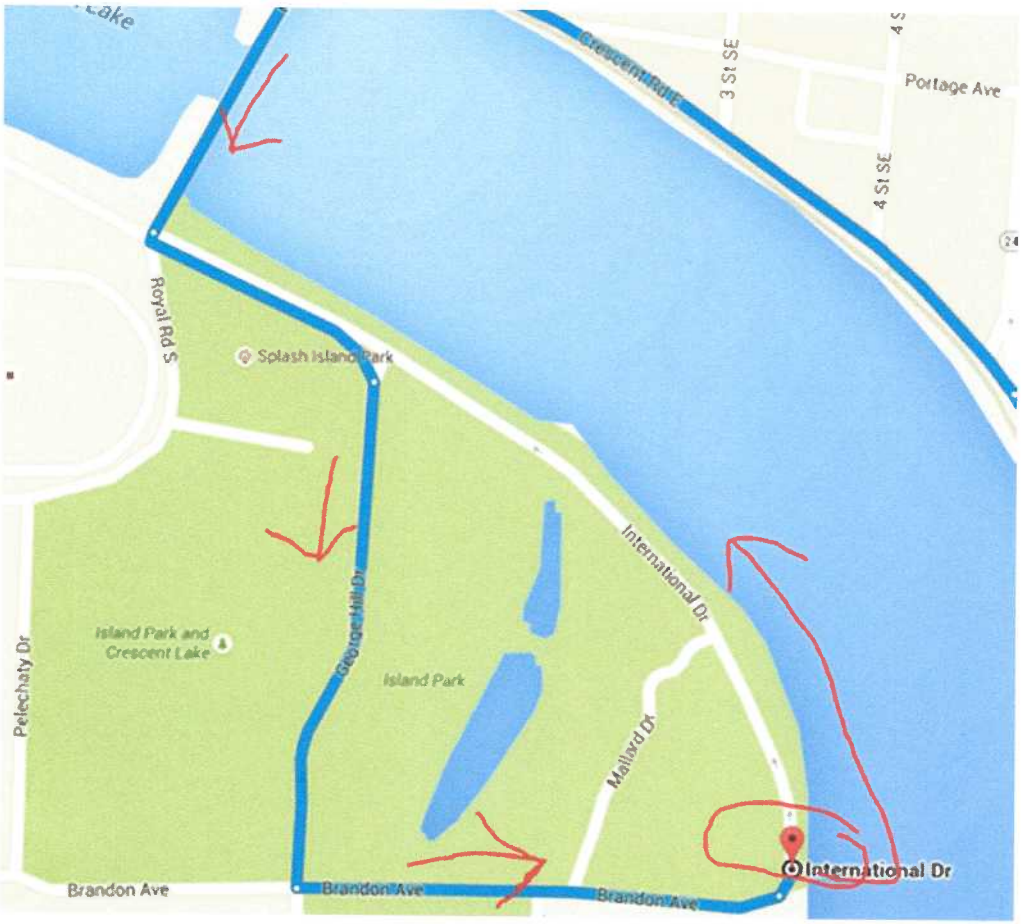
How to find the track in Portage?

It's on Crescent Lake which is in the middle of town. Previous years we have raced on the West Side of the Bridge, WE ARE NOT LOCATED ON THE WEST SIDE OF THE BRIDGE, this year we are on the East side.

How to get there: doesn't matter if you are coming in from the East or West: Procced down Saskatchewan Avenue (our main street) then turn south on Royal Rd which is in the middle of downtown:



Once you go across the bridge you will turn left (east) and there is a one-way road that runs all the way around the island.



Once you get to the water part you will see the boat launch and that is your access to the ice and the track. It's circled on the map above. Proceed on to the ice and turn to your left and it should be self-explanatory from there. If you do happen to drive past the boat launch and miss your access then don't panic, just do another lap on the island and you're fine.

Spectators are being told to watch from the shore on the island and only real pit people are allowed access to the pit area. Just like Gimli. If friends of yours do trickle in then you need to make sure they sign the waiver. We will have it clear where the waiver(s) are.

Thanks,
